Alabama Democrats to Challenge Illegally Appointed Delegation to the 2024 Democratic National Convention

Montgomery, AL – Because the Alabama Democratic Party has been hijacked, undermined, and discriminated against by the Democratic National Committee, I had a press conference for Tuesday, June 25, 2024 at 11:00 a.m. in Montgomery, Alabama at 424 South Decatur Street, to express my objection to how we have been abused by the national party and let the world know that we do not like it. I hasten to add, I do not personally believe that President Biden knows about this.

You need to know that the Democrats at the national level did everything humanly possible to silence our voice in the Delegate Selection Process to the Democratic National Convention in Chicago.

For your information, not a single Biden-Harris delegate, “no, not one”, was elected by the Democrats in the State of Alabama. **All** proposed delegates to the Democratic National Convention from Alabama were appointed. No other state in the nation had **all** delegates appointed - taken out of the hands of the electorate and appointed by hands unknown. The illegal

Delegates were appointed because those who appointed the false delegates did not want Blacks in Alabama to elect delegates of their choice. Since the black Democratic voting population in Alabama constitutes over 70% of the Democratic Party vote, it is clear the outcome of this action is to deny Black Democrats and the Black chairman of the Party an opportunity to elect delegates of their choice. If Alabama had a white chairman, this would have never happened.

To make it quite clear, Democrats in Alabama were denied the right to vote for our Delegates in March in order to promote a false slate, handpicked by a few. This illegal appointment of Delegates by some people, most of whom do not live in Alabama, must be challenged. 81 bonafide Biden candidates were disqualified from running as delegates. We owe it to future Democrats, both Black and White, never to allow these racial shenanigans to happen again.
